Connexions

Connexions is a rapidly growing collection of free scholarly materials and a powerful set of free software tools to help

- *authors* publish and collaborate
- *instructors* rapidly build and share custom courses
- *learners* explore the links among concepts, courses, and disciplines.

Our [Content Commons](#) contains small "knowledge chunks" we call [modules](#) that connect into [courses](#). Thanks to a [Creative Commons open license](#), anyone can take our materials, adapt them to meet their needs, and contribute them back to the Commons. And everyone is invited to participate!
